MIPT (Phystech) is a leading Russian university specialising in the field of physics, mathematics and related disciplines. The Institute is located in Dolgoprudny (5 km away from the outskirts of Moscow). Some of the buildings and departments are located in the Russian capital and the city of Zhukovsky (40 km away from Moscow).

The main features of MIPT is the so called Phystech System, which ensures the training of high-level specialists that are in demand across fundamental research areas worldwide.

There are 6 phystech schools at MIPT. One of the most popular fields among applicants for enrolment to MIPT is applied mathematics and physics.

Basic areas of study:

- Systems analysis and control.
- Information science and computer technology.
- Computer security.
- Applied mathematics and information science.
- Applied mathematics and physics.

MIPT is in the top 350 in the QS World University Rankings, the top 300 THE World University Rankings, the top 50 QS WU Rankings by Faculty in Physics & Astronomy and top 50 THE Physical sciences . In 2017, the legendary Russian university Phystech was ranked 201-300 in the Shanghai Academic Ranking of World Universities by Subject Fields in Physics.

Student successes

Famous graduates

Igor Pushkarev	Politician and former senator. Mayor of Vladivostok since 2008.
Vladimir Mamontov	Noted Russian journalist. President of the editorial board of Izvestya newspaper – one of Russia's top national publications.
Felix Azhimov	Philosopher and lecturer. Author of over 50 research papers. The youngest Doctor of Sciences (Philosophy) in Russia. Head of the School of Humanities at FEFU.
Ilya Lagutenko	Noted Russian rock musician and frontman of the band Mummy Troll. Visiting lecturer at FEFU.

International partnership

Preparatory department for foreign applicants

Preparatory department for Bachelor's programme

Moscow Institute of Physics and Technology Preparatory Department offers international prospective students courses in Russian and natural science disciplines. It also facilitates students' social and psychological adaptation to study and life in Russia. Classes are held for small groups of students. Experienced teachers will help to learn to speak perfect Russian. Length of study is ten months; students take examinations upon course completion. Tuition fee is set by the rector's order each year. In 2018-2019 academic year it amounts to 150,000 rubles (about \$2,450).

Preparatory department for Master's programme

The programme and tuition fee are the same as for the preparatory course for undergraduate students.

Support of foreign students

The MIPT International Education Centre and International Students' Office are responsible for providing support and guidance to international students.

Everyday life of foreign students

The MIPT campus is located in Dolgoprudny (20 minutes travel from the centre of Moscow by electric train). All students are accommodated in the dormitory located two minutes from lecture halls and laboratories.

Located on the student campus, the dormitory is a modern complex with all the necessary conveniences for students. Facilities are fully equipped for study, relaxation, fitness and sport.

The dormitory has Internet access.

Cost of housing is 1000-1200 rubles per month (17-21 US dollars) depending on the type of room.

There is a health clinic on campus

A university health resort is located on the shore of Pestovo Reservoir

Leisure and sport events

1. Sports infrastructure:

- stadium;
- 3 sports buildings;
- swimming pool;

- tennis courts;
- basketball and volleyball courts.

Gyms are fully equipped and marked for lessons in mini football, basketball, volleyball, badminton, tennis, ping pong and other sports.

In winter, ice rinks are set up on the athletic fields, and there is a ski trail in the adjacent forest. Skate and ski rentals are available.

2. Sports teams and clubs

The chess club, mountain club, yachting club, Barrier caving club, Phystech-Dive underwater club, boxing club and martial arts clubs are very popular among MIPT students.

3. Sporting events

The biggest event in the sporting calendar of MIPT is the Matches of the Century football tournament held between departments every spring. The matches last for 24 hours without a break, the number of substitutions is unlimited, the teams include students and graduates of the university from various years and from all over the world, from San Francisco to Vladivostok.

4. Cultural entertainment

Student festivals, concerts, and performances by dozens of creative clubs and associations of the university take place in the MIPT concert hall and in campus clubs.

Art and photo exhibitions take place in the halls of educational buildings and dormitories.

Traditional events that have become an integral part of the university's cultural life take place in Phystech annually. Everything starts in September with a traditional "Potato Concert" in honour of and for first-year students of MIPT.

It is followed by a sequence of department matriculations supported by the performances of STPM (Student Theatre of Pop Miniatures). In parallel, a season of Wit and Humour Club opens. At the end of November, a large concert programme is prepared for the MIPT birthday. In spring at Phystech, the sports festival "Night 1001" is held (third year students celebrate the "equator" - half of their term of studies at the university), as well as the "MIPT Physicist Days".

Since 2013, the Arts Festival at Phystech has been held.
