## International partnership

The main purpose of ITMO University`s international activity is improvement of its academic ties with foreign universities and strengthening its positions within international academic community.

International academic cooperation is put into practice via 35 joint programs as well as academic exchange with more than 200 universities in 50 countries of the world such as: Ecole Polytechnique fédérale de Lausanne, Paris Institute of Technology (ParisTech), Peking University, King's College London, Université de Liège (Belgium), Karlsruhe Institute of Technology (KIT, Germany), Universidad Nacional del Litoral (Santa Fe, Argentina), The University of California, Los Angeles (UCLA, USA), The University of Rochester (USA), Aalto University (Finland), The Czech Technical University in Prague (Czech Republic) and etc.

Double-degree Master programs provide a unique opportunity to get two diplomas upon completion of only one Master program. One-year study at a foreign partner university makes it possible to get valuable experience of international education and research work. The language of instruction is English, so these programs are open for students all over the world.

International applicants can take advantage of studying at the Preparatory Department which is aimed at assistance, adaptation and integration of new coming students into the ITMO community. Academic training includes courses on the Russian Language and Culture, as well as the Technical Sciences Preparatory Course (Mathematics, Physics, Computer Science, Chemistry) which is extremely helpful for entrance exams.

To sum up, key priorities for ITMO University are: creating a multicultural academic space and effectively using modern educational technologies in the study process so that education obtained at ITMO University fully complies with international educational standards.

## Olimpiads

## **Preparatory department for foreign applicants**

### **Preparatory department for Bachelor's programme**

The International Student Preparatory Centre prepares students for admission to the major fields and subjects of ITMO University and other Russian universities.

## **Support of foreign students**

Each department at the university has a supervisor who is responsible for issues related to international students' studies and stay in Russia. If necessary, first year students are met on arrival at the airport or train station and accompanied to their dormitory to settle in.

## **Everyday life of foreign students**

ITMO University has 6 dormitories within walking distance of the metro (maximum travel time from any dormitory to the main educational building is 40 minutes). The rooms are comfortable and furnished with all necessary items including a cabinet, bed, table, chair, bedside table. If they desire, students can acquire additional pieces of furniture at their discretion. Cable internet is available. Bathrooms are available both in the rooms and on each floor. The rooms are designed to accommodate 2, 3 or 4 persons.

In the dormitories there are also classrooms, a canteen, laundry and leisure facilities (library, gym, tennis court, dance hall, wrestling hall, a room with board games, a cinema club and rock music practice room). In the courtyard there are two garages for storing bicycles .

If necessary, ITMO University students are provided with rooms on the Inter-university student campus or in other student dormitories linked with the university.

At the Yagodnoye university sports and recreation centre, students study, complete educational programmes, develop business plans, design projects, perform electrotechnical calculations and more.

The ITMO University student sports club Kronverk Panthers holds different competitions and athletic events.

## **Leisure and sport events**

The ITMO University International Students Council oversees the adaptation of first year students to life in Russia. It organises concerts, competitions, parties, lessons, festivals, master classes and many other events.

For instance, on national holidays (Novruz, Chinese New Year), international students tell their fellow students about the culture and traditions of their countries and cook traditional meals in cooking competition.

Several Russian language conversation clubs have been organised at ITMO University, where their participants learn about the culture and history of Russia alongside language practice and communication.

International students at ITMO University traditionally win prizes at city tournaments in football and chess.

## **Employment of foreign graduates**

The ITMO University Careers Service informs students about career opportunities and helps them developing in-demand skills.
